MAP of PICKWICK STAGE LINES AND SCENIC ROUTE

CHULA VISTA

Lying along the San Diego Bay just seven miles South of San Diego on the electric car line is a beautiful little suburb called CHULA VISTA. Here surrounded by climatic conditions that are unsurpassed are fine income LEMON ORCHARDS and beautiful suburban homes, fine Churches, Stores and Schools, Electricity, Gas and fine Water System, combined with good electric car service make CHULA VISTA an ideal location for pleasure and profit.

NATIONAL CITY

NATIONAL CITY, 4 miles from San Diego, is rapidly forging ahead; fertile soil, plenty of water and unexcelled car service are some of the reasons for its rapid growth.

National City joins San Diego on the south city limits. Has $2\frac{1}{2}$ miles of deep water frontage on the San Diego Bay. Population 3,500. Offers many advantages, both to manufacturers and to the home seeker.

LA JOLLA

To those who enjoy good bathing, the best fishing, congenial surroundings, LA JOLLA, 14 miles from center of San Diego, should prove a winner.

LA MESA

LA MESA, 11 miles northeast of San Diego, on the S. D. & S. E. R. R., is in the heart of a justly celebrated fruit district. Beautiful homes, good schools, good neighbors—good place.

IMPERIAL BEACH.

South San Diego and Imperial Beach—Located at head of San Diego Bay, lying high and slightly between bay and ocean. Beautiful beach, fine fishing, free from kelp, safe for bathers—no deaths by drowning. Electric lights, city water, phones, good roads, fine soil, etc. On So. San Diego and Imperial Beach Railway.

LEMON GROVE

One of the garden spots of the county is lovely little LEMON GROVE. It consists of 500 acres of fine soil, subdivided into small tracts laid out mostly in full bearing lemon trees. It has many beautiful homes and happy, prosperous citizens. On the San Diego and Southeastern R. R.

ENCANTO

Six miles from 5th and Broadway. The home of truck gardening and poultry farming is Encanto. Good soil, beautiful surroundings and delightful climate account for the community's rapid growth. Population 1200. On the San Diego and Southeastern Railway.

PACIFIC BEACH

"More land for your money" is indeed an enticing slogan; that's what the people of Pacific Beach claim you can get in their community. It is a most attractive suburb, partly on Mission Bay and extends north, facing the Pacific ocean. Six miles from San Diego on the La Jolla line.

ESCONDIDO

The City of Escondido has nearly two thousand inhabitants and is solidly prosperous, drawing the trade of a surrounding territory of great extent. It has substantial business blocks and many pretty homes; four banks, stores of unusual size and excellence, churches of the leading denominations, a sewer system, electric light and gas plant, packing houses, a winery, two newspapers. It has very unusual grammar and high school facilities, and, with the exception of some outstanding school bonds, is entirely out of debt. Reached by Santa Fe or Escondido stage.

MEZ-NO

THE HAWAIIAN "TABU DRINK"

Made by the Hawaiian process from the "Jelly Plant," which grows on the windward slopes of Hale-a-ka-La, (House of the Sun)—the largest extinct volcano in the world.

MEZ-NO is considered more healthful than grape juice, is made of Pure Fruit alone, and is non-alcoholic.

Buy a drink for 10 cents and get an Official Hawaiian Souvenir to mail your friends.

Ask the attendants anything about Hawaii and the Exhibits.

Home Seekers and Investors

We respectfully call your attention to South San Diego and Imperial Beach, as desirable localities in which to live or invest.

Served by both rail and ferry transportation, and having Electric Lights and Power; Telephones; Good Roads; Schools; Stores; City Water, etc., we do not know of another section in San Diego County having such excellent soil, view and advantages at such reasonable prices.

Good lots in South San Diego, \$100 and up; Imperial Beach, at \$500 and up.

Glad to show you.

Rail and Trolley Trips

MISSION CLIFF GARDENS

One of the most beautiful gardens and view spots in California. Overlooks Mission Valley and San Diego Mission (one of the oldest in State). There is a large aviary, housing over 300 song birds; deer paddock and pavilion. The gardens are owned and maintained by the San Diego Electric Railway Company. Admission free. Take car 1, north, on Fifth street. This car passes Exposition grounds. Round trip, 10 cents.

HOTEL DEL CORONADO

Undoubtedly the greatest resort hotel in America, open all the year. Covers nearly five acres. Within a stone's throw of beach, and almost entirely surrounded by semi-tropical foliage and beautifully parked grounds. Is conducted on the American plan. The Coronado Country Club, the scene of International Polo events in Winter, and Golf and Tennis tournaments during Winter and Summer, is near by. Cars 9 or 10. Round trip, 15 cents.

RAMONA'S MARRIAGE PLACE

Old Town, on No. 8 car line, was the beginning of California; location of first white settlement. First Mission established here 1769. Monument marks spot where General Fremont planted U. S. flag in 1846. Other sights are old graveyard, first jail, first palm trees, 140 years old, Indian couple, 120 years old. Ramona's Marriage Place, built in 1825, and since partially restored, located here. Round trip, 10 cents.

POINT LOMA AND OCEAN BEACH

Reached by Point Loma Railroad Company electric cars from Fourth and Broadway (D street). The principal attraction at Ocean Beach is the mammoth amusement resort, "Wonderland," just completed. To the south of Ocean Beach is Point Loma, headquarters for the Theosophical Brotherhood of America. Here may be seen one of the largest U. S. Wireless stations, Fort Rosecrans and Bennington monument. Round trip, 25 cents.

ALPINE—THE WILLOWS

Alpine is thirty miles east, via San Diego & South Eastern Railway to Lakeside, connecting at this point with stage to Descanso, passing Ye Alpine Tavern and The Willows. Both of these mountain resorts are popular the year round and first-class in every respect. It is doubtful if one could find a more inviting place for a long or short stay. Round trip, \$2.50.

For auto stage service from San Diego to these points see pages 8, 30.

SAN YSIDRO

Headquarters of the "Little Landers" colony. The members of this colony started out with the belief that one acre, properly tilled, would support a family in plenty, and are demonstrating this today. San Ysidro is fourteen miles south on the San Diego & South Eastern Railway. This town has grown in a wonderful manner, and now has a population of several hundred inhabitants. Round trip, \$1.00.

TIJUANA

Take Electric car at Third and Broadway (D street). Five trains each way daily. Ample time will be had to see boundary monument, fort, scene of recent battles, curio stores, customs office, partake of a genuine Spanish dinner and be back in San Diego in the afternoon. A most interesting trip. Round trip, 50c.

GROSSMONT-LAKESIDE

Grossmont (elevation 1200 feet above sea level), fourteen miles east of San Diego, on San Diego & South Eastern Railway, is the Summer home of Madame Schumann-Heink, the famous contralto. From the summit of Grossmont a remarkable view is presented of mountains of California and Mexico, as well as the city, Point Loma, ocean and bay. Lakeside, six miles beyond, is a noted resort. Round trip: Grossmont, 75 cents, Lakeside, \$1.00.

NATIONAL CITY-CHULA VISTA

One of the many pleasant trips to be taken to suburban towns is by electric car from Third and Broadway (D street) to National City and Chula Vista. Both are attractive, growing communities of great promise, and close to the best citrus fruit region of the country. National City is four miles from San Diego; Chula Vista seven miles and near the bay. Round trip: National City, 10 cents, Chula Vista, 30 cents.

JULIAN

Elevation 4300 feet; reached by San Diego & South Eastern Railway to Foster; stage thirty-two miles from there to Julian. This trip is well worth the time spent. Julian's industries are apple raising, mining, lumbering and stock. Many semi-precious stones come from here, such as tourmaline, sapphire, topaz and garnet. The gold and silver mines in past years produced millions of dollars. Round trip, \$4.10.

PLACES TO FISH

Compiled by Mr. Andrews of the Cycle & Arms Co. who will gladly give any further information desired.

Del Mar: 22 miles from San Diego by rail or auto. Wharf and surf fishing for Corvina, Croakers and Halibut.

The Foot of the Torey Pines Grade: 2½ miles' walk from Del Mar or 20 miles from San Diego. Good surf fishing for Corvina, Croakers and Yellowfin.

Mussel Rock: About 5 miles south of Del Mar. Mussels can be taken from the rocks at low tide and make good bait for Corvina, Croakers and Bass, which will be found plentiful here during the season.

Longbeach: This beach is just north of La Jolla and can be reached by auto, which can be driven onto the beach at any low tide. The surf is exceptionally quiet and clean and furnishes ideal surf fishing.

La Jolla: 14 miles north of San Diego by train or auto; furnishes good fishing for Bass, Croakers and Corvina. The kelp beds can be easily reached by boat from this point.

La Jolla Strand: Just south of La Jolla; furnishes good surf fishing for Corvina and Croakers. Train or auto.

Pacific Beach: This place has several miles of sandy beach and is a favorite fishing ground for Corvina, Croakers and Yellowfin.

Mission Bay: Better known as False Bay, furnishes a variety of game fish, including Corvina, Bass, Croaker, Halibut and Smelt.

Ocean Beach: Offers the choice of surf, wharf and channel fishing for Corvina, Bass, Halibut and Smelt. Reached by electric car or auto.

Point Loma: The rocky shores on the west side of Point Loma offers very fine fishing for Bass and Corvina.

Ballast Point: Opposite Fort Rosecrans, is a favorite fishing ground and in the late summer and fall there is no better place on the coast for Smelt, Mackerel, Bass, Halibut, Sculpin and Jew Fish. Best reached by boat.

Coaling Station and Quarantine: Same description as Ballast Point.

The Coal Bunkers and Santa Fe Wharves always have their share of fishermen and some very nice catches of Smelt, Mackerel, Tom Cod, Trout and Halibut are caught at these points.

DIRECT CONNECTIONS TO YUMA AND PHOENIX

Our route follows the National Ocean to Ocean Highway and is a combination of unsurpassed scenery and excellent roads, is without doubt the most beautiful road to motor in Southern California—125 miles, San Diego to El Centro, 230 miles shorter and 8 hours quicker than by railroad. Seven-passenger Packard, Locomobile and Dodge touring cars, also Stanley Steamers—driven by experts. The traveling public cannot use too much caution in selecting the best equipment and a reliable transportation company. Although this is a delightful trip, it is imperative that cars and drivers be far above the average.
